

FUNDRAISING for the Bhadure School and Kushudebu Public Health Mission, Nepal.

Members of the Wilderness Community have been visiting Nepal and trekking in the beautiful Himalayas since 1998.

As part of this exposure to a different culture we have become entranced, not only by the beauty we have seen but also by the sincerity, tenacity, resilience and welcoming attitude of the Nepalese people we have met.

Wilderness School is committed to the long term financial support of the Bhadure School in the Annapurna region and the Kushudebu Public Health Mission in the Everest region of Nepal.

We encourage you to join us in making a significant difference to the lives of people in a very poor country by enhancing their educational and medical facilities.

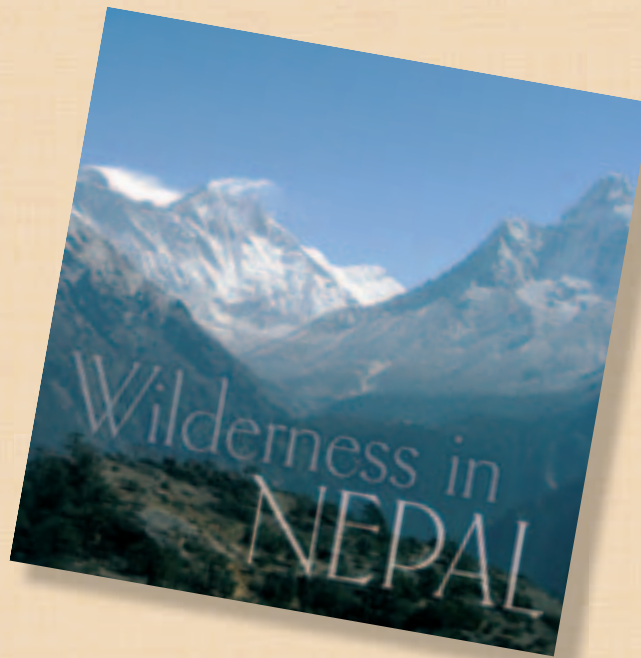

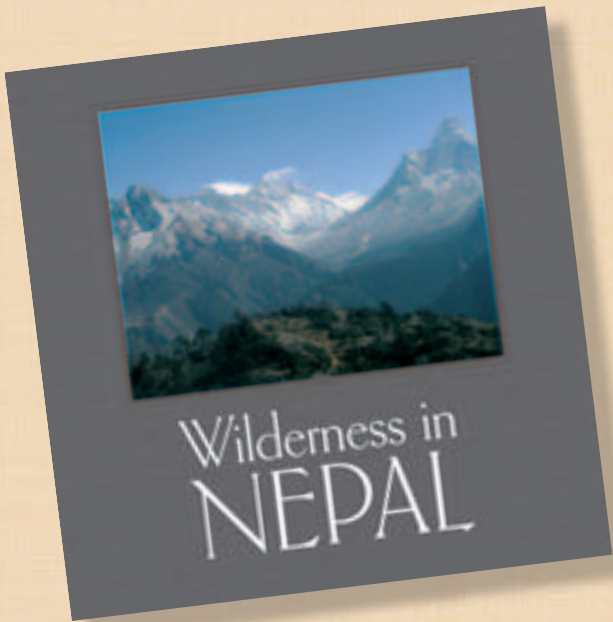

Please help us continue these worthy projects by purchasing copies of either the 'Limited Edition' or 'Standard Edition' of our book – "Wilderness in Nepal".

**All proceeds from the sale of this book
WILL go directly to our projects in Nepal.**
